COMPUTER SKILLS

- Python, C++, SQL
- Edge AI, IoT Systems
- Matlab, Autocad
- Tableau, DBeaver, Power BI
- Business Translation, Agile (Scrum)
- Data Quality Assessment
- Smart Sensors, Embedded Systems

SOFT SKILLS

- Project Management
- Teamwork
- Effective Communication
- Leadership
- Critical Thinking

ACHIEVEMENTS

- Trainee - McKinsey Forward Program, 2023 (Digital Evolution)
- Junior Turkish Tennis Champion, 2014

LANGUAGES

- English - Fluent
- French - Beginner
- German- Beginner
- Turkish - Native

INTERESTS

- Tennis Player since 2006
- AI Innovation
- Automotive Data Systems
- IoT & Smart Sensors
- Traveling

RECEP ULAS UZUN

MASTER'S STUDENT

EDUCATION

- Master's Degree, Artificial Intelligence for Smart Sensors and Actuators**
Technische Hochschule Deggendorf, Germany (2025-..) (Grade 1)
 - Application-oriented M.Eng. program focused on intelligent sensor.
 - Core topics: Artificial Intelligence, Machine Learning, Embedded Control, System Design, Big Data, and IoT Communication.
 - Taught entirely in English, with strong emphasis on practical case studies and R&D collaboration.
- Bachelor's Degree, Computer Engineering**
Kadir Has University, Istanbul, (2022-2025) (Graduated)
 - Project-based education, presentation, and working in a team.
 - 100% scholarship, 100% English language.
 - Some courses; Python, C++, SQL, Data Analysis, Computer Programming, Database Systems, Operating Systems.
- Bachelor's Degree, Transferred from Civil Engineering**
Kadir Has University, Istanbul (2020-2022) (Transferred)
 - Project based education, working in a team, presentation..
 - Advanced level mathematic, Probability and Statistics, Dynamics of Physical Systems, Applied Engineering Mathematics, Matlab..

EXPERIENCES

- Data Science Internship**
Vodafone Türkiye, Istanbul (2025 January -November)
 - Participated in training programs focused on data science, database management, and automation tools to enhance technical expertise and support organizational objectives.
 - Performed performance and KPI analysis for both Mobile and Fixed Broadband segments using DBeaver, SQL, and Tableau.
 - Performed KPI and performance analysis for Mobile & Fixed Broadband, supporting strategic reporting for senior management.
- Data Analyst and Digital Trainee**
KPMG Türkiye, Istanbul (2024 September-January)
 - At KPMG, we provide data, analytics, and automation solutions that transform business and operating models and help organizations implement their data-driven strategies.
- Construction Site Intern**
Astay Holding Four Seasons Private Residences (2022 July-Sep)
 - Assisted in progress monitoring and quantitative reporting for site activities.
